

PALMETTO

St Augustine (*Stenotaphrum secundatum*)

ABOUT THIS TURF

Palmetto Buffalo Grass the biggest selling soft-leaf buffalo turf in the world. Palmetto thrives in South-East Queensland and across Australia. It demonstrates superior shade, cold, frost, heat and drought tolerance when compared to other soft-leaf buffalo grasses.

It performs with excellence in sun or semi-shade making it the ideal choice for residential and commercial use.

Drought Tolerant

Will thin in severe drought

High Traffic Tolerant

Resistant to wear and tear

Required Sunlight

Min. 6 hours of direct sun daily

WHY CHOOSE PALMETTO

- Palmetto Buffalo grass has a very soft leaf, and unlike older traditional scratchy Buffalo lawns- its bred for the softer touch.
- Stunning deep emerald green colour
- Maintains excellent winter colour
- Tough and extremely hardwearing
- Fast growth across the ground
- Recovers quickly from damage
- Produces up to 30% LESS seed head than other buffalo varieties
- Performs well in semi shade to full sun
- Excellent drought tolerance due to its deep root system
- Highly effective at outcompeting weeds
